The 2009-2010 School Year

Our new school year is already off to an amazing start. Today we welcomed over 70 new students into the St. Camillus School family. We also welcomed our new middle school science and religion teacher, Mr. Wroblewski, and our school counseling intern Emily Robinson.

We have many wonderful things in store for the new year, we will talk about them in more depth when we gather for our Back-to-School Nights and in upcoming Red Letters.

Speaking of the Red Letter, for new families, this is your introduction to our weekly newsletter. **Each Tuesday the oldest child in your family will receive a red folder, in it you will find a copy of the Weekly Red Letter as well as any flyers and forms that need your attention.**

Please read your Red Letter carefully each week it is my primary way of communicating with you and keeping you informed about what is happening. I promise to only include important items and to keep the Red Letter to one page, front and back ... so, please make sure you read it.

As I mentioned, many red folders will also include important flyers and forms (the red folder this week contains a very important survey among other things). **We ask you to complete any forms in the red folder on Tuesday evening and return them to school in the red folder on Wednesday.** Anything that is information, like the Red Letter, please keep at home.

Each month, Mrs. McGlew will also put your tuition and extended care bills in the red folder, you may return your payments in the red folder on Wednesdays.

If you have any questions about all this, please do not hesitate to ask!

Preventing the Flu

According to the Centers for Disease Control and Prevention, the risks for a swine flu and/or season flu outbreak this fall are real. But, there are many things we can do to help minimize the chances of a major outbreak at St. Camillus.

Next week there will be important information in the red folder about flu prevention and what to do if your child gets the flu. But in the meantime the following three suggestions are the most important:

1. Wash hands thoroughly and often
2. Stay home from school if you have flu symptoms
3. Get the regular flu shot and the swine flu shot as early as possible

Limited Spaces Still Available

We still have very limited space in several classes. But, if you know anyone who is still looking for a school for their child, we would be happy to have them at St. Camillus
